

2017 RECREATION GTI™

More features at unbeatable value for money. The Intelligent Brake and Reverse (iBR) lets you maneuver with ease. Enjoy more time on the water with the most fuel-efficient engine in the industry and new lightweight/high-strength Polytec material.

RIDER CAPACITY

White & Manta Green

Weight capacity 272 kg

DIMENSIONS

Fuel capacity	60 l
Length	336.8 cm
Width	123.1 cm
Weight (dry)	291 kg
Storage capacity	116.6 l

HULL

Type	GTI
• Medium-sized platform	
• Moderate V hull	
• Forgiving and nimble	

ENGINE

Type	Rotax 900 HO ACE
Intake system	Naturally aspirated
Displacement	899 cc
Cooling	Closed-Loop Cooling System (CLCS)
Reverse system	Electronic iBR
Starter	Electric
Fuel type	87 octane

ROTAX® 900 HO ACE™ ENGINE

FRONT STORAGE¹

RF D.E.S.S.™ KEY AND LEARNING KEY

DRIVING CENTER WITH ECO™ MODE

REBOARDING LADDER (OPTION)

ENGINE

899 cc four-stroke, Rotax with three cylinders in-line and four valves per cylinder

iTC™ (Intelligent Throttle Control) system
Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features activity-specific Touring, Sport and ECO modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.

iControl® Learning Key®
The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level.

D-Sea-Bel™ system
Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.

Closed-Loop Cooling System
Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.

FEATURES

Polytec™
The hull is made of Polytec material, a recyclable, low density and high-impact composite material that includes polypropylene and long glass fiber reinforcements. It was designed to maintain the structural integrity of the watercraft under stress while providing light yet durable parts to support the construction of the product.

iControl
The "Brain" that integrates and controls all systems to create the best possible ride.

Touring mode / Sport mode
Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.

ECO mode
This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.

3-up seat
Comfortable room for three – permits rear-facing spotter for watersports.

Elevated fuel filler
Easy access and prevents water intrusion while refueling.

RF D.E.S.S. Key
With radio frequency technology and a ball-and-socket design, the Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.

Off-Throttle Assisted Steering (O.T.A.S.®)
Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.

Interactive Multifunction Digital Information Center
Fuel level, Tachometer, Speedometer, Touring mode, Sport mode, ECO mode, Hour meter, Compass, F-N-R indicator and more.

Handgrips with palm rest
Rear grab handle

Sponsons
Seat strap

Bumpers
Front splash deflector

Wide-angle mirrors
Dual drain plugs

Tow hook
Flush kit

Footwell carpets
Emergency floating lanyard

Swim platform carpet
Operator's guide, instructional video and booklet

PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system
First and only true brake on a watercraft recognized by the U.S. Coast Guard for improving boating safety since 2009. Now in its 2nd generation, the intuitive and improved iBR allows you to stop close to 48.75 m sooner² for greater peace of mind. All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.

Stainless steel impeller
Delivers improved acceleration, higher top speed and less cavitation.

OPTIONS

- Reboarding Ladder
- Retractable Ski Pylon
- Wakeboard Rack
- Shock Tube
- Depth Finder
- Ski Module
- X package module (Time / distance to empty, Top / average speed / RPM, Lap timer and Engine temperature)
- Sea-Doo Speed Tie™
- Dry Bag
- Ski Tow Eye
- Front Storage Tray
- 12-Volt Outlet and Installation Kit
- Safety Equipment Kit
- Bilge Pump Kit
- Sandbag Anchor
- Fire Extinguisher
- Snap-in Fenders and Installation Kit
- Watercraft Cover
