

GTR-X 230

2017 PERFORMANCE GTR™ -X® 230

New for 2017! The GTR-X is the most affordable Sea-Doo X model. Enjoy the unmatched control of the Ergolock system and a new and powerful supercharged 230-hp Rotax engine. This watercraft accelerates from 0-60 mph (0-96.6km/h) in 5.29 seconds.

RIDER CAPACITY	
Weight capacity	182 kg

DIMENSIONS	
Fuel capacity	60 l
Length	331.6 cm
Width	123.1 cm
Weight (dry)	373 kg
Storage capacity	116.4 l

ENGINE	
Type	Rotax 1500 HO ACE
Intake system	Supercharged with external intercooler
Displacement	1,494 cc
Cooling	Closed-Loop Cooling System (CLCS)
Reverse system	Electronic iBR®
Starter	Electric
Fuel type	87 octane

RIDER CAPACITY

California Green Metallic & Black
ITC / iBR / CLCS / ECO

HULL

Type GTI
 • Medium-sized platform
 • Moderate V hull
 • Forgiving and nimble

ROTAX® 1500 HO ACE™ ENGINE

ERGOLOCK™ SYSTEM

HIGH-PERFORMANCE VTS™ (VARIABLE TRIM SYSTEM)

X-GAUGE WITH BOOST INDICATOR

RXP-X AWARD-WINNING DESIGN

SNAP-IN FENDERS AND INSTALLATION KIT (OPTION)

ENGINE

1,494 cc four-stroke, Rotax with three cylinders in-line and four valves per cylinder
 Equipped with Advanced Combustion Efficiency (ACE) technology, this new engine with maintenance-free supercharger and external intercooler is optimized for regular fuel, faster and more powerful than its predecessor, but just as fuel efficient.

iTC™ (Intelligent Throttle Control) system
 Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features activity-specific Touring, Sport and ECO™ modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.

iControl® Learning Key®
 The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level.

D-Sea-Bel™ system
 Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.

Closed-Loop Cooling System
 Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.

FEATURES

iControl
 The "Brain" that integrates and controls all systems to create the best possible ride.

Touring mode / Sport mode
 Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.

ECO mode
 This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.

Ergolock system
 Combination of ergonomic features allow amazing control while cornering with less upper body fatigue. It features a narrow racing seat with knee grab design, adjustable handlebars and angled footwells that allow you to "lock in" when cornering hard. This results in faster turns and more time on the water.

High-performance VTS (Variable Trim System)
 The VTS adjusts the angle of the nozzle to change the behavior of the watercraft and improve parallelism to the water. The high-performance VTS provides pre-set positions for quick settings.

RF D.E.S.S.™ Key
 With radio frequency technology and a ball-and-socket design, the Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.

Off-Throttle Assisted Steering (O.T.A.S.®)
 Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.

Interactive Multifunction Digital Information Center
 VTS preset, Fuel consumption instant & average, Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Touring mode, Sport mode, ECO mode, F-N-R indicator and more.

Handlebars with palm rest
 Seat strap

Sponsons
 Elevated fuel filler

Bumpers
 Front splash deflector

Wide-angle mirrors
 Dual drain plugs

Tow hook
 Flush kit

Footwell carpets with Sea-Doo logo pattern
 Emergency floating lanyard

Swim platform carpet with Sea-Doo logo
 Operator's guide, instructional video and booklet

Rear grab handle

PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system
 First and only true brake on a watercraft recognized by the U.S. Coast Guard for improving boating safety since 2009. Now in its 2nd generation, the intuitive and improved iBR allows you to stop close to 48.75 m sooner¹ for greater peace of mind. All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.

Stainless steel impeller
 Delivers improved acceleration, higher top speed and less cavitation.

X PACKAGE

X-Handlebars with A.E.S.™ (Adjustable Ergonomic Steering)
 The only fully adjustable handlebar in the industry. With A.E.S. the rider can adjust the handlebar width and grip angle for a fully customized ride.

X-Gauge with boost indicator
 Shows the boost pressure in real-time from minimum (idle) to max boost pressure (open throttle) at all times so the rider knows the engine load condition.

Additional gauge functions
 Time / Distance to empty, Top / average speed / RPM, Lap timer, Engine temperature.

X-Coloration

OPTIONS

- Reboarding Ladder
- Depth Finder
- Sea-Doo Speed Tie™
- Dry Bag
- Front Storage Tray
- 12-Volt Outlet and Installation Kit
- Safety Equipment Kit
- Bilge Pump Kit
- Sandbag Anchor
- Fire Extinguisher
- Snap-in Fenders and Installation Kit
- Watercraft Cover
