

These luxury watercraft provide comfort, countless unique features like the Ergolock seat with stepped design and the powerful 300-hp Rotax engine. Everything you need for a riding experience that meets, and exceeds, your needs.

Weight capacity

DIMENSIONS	
Fuel capacity	60 I
Length	353.5 cm
Width	122.4 cm
Weight (dry)	412 kg
Storage capacity	162

Jet Black Metallic & Deep Pewter Satin

HULL

Туре								
 Longer platform 								

- Rough water inspired deep-V hull
- Stable and predictable

ENGINE	
Туре	Rotax 1630 ACE
Intake system	Supercharged with external intercooler
Displacement	1,630 cc
Cooling	Closed-Loop Cooling System (CLCS)
Reverse system	Electronic iBR [®]
Starter	Electric
Fuel type	87 octane – minimum
	91 octane – recommended

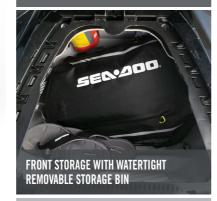

ROTAX® ACE™ ENGINE (1630 ACE)

ERGOLOCK™ SEAT WITH STEPPED DESIGN

EXCLUSIVE LIMITED PACKAGE

ENGINE

1,630 cc four-stroke, Rotax with three cylinders in-line and four valves per cylinder	Rotax engine with maintenance-free supercharger, external intercooler and the Advanced Combustion Efficiency (ACE) technology. The Rotax 1630 ACE is the most powerful Rotax engine ever delivering high efficiency and amazing acceleration.
iTC™ (Intelligent Throttle Control) system	Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features activity-specific Touring, Sport and ECO™ modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
iControl® Learning Key®	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level.

D-Sea-Bel™ system Combines a series of resonators and vibrationabsorbing components to make Sea-Doo watercraft some of the quietest on the water.

Uses coolant to keep the engine running at the ideal Closed-Loop Cooling System temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.

FEATURES

Ergolock seat with

stepped design

iControl	The "Brain" that integrates and controls all systems to create the best possible ride.
S ³ Hull [®]	Stepped, stable & strong. The stepped design reduces drag and keeps you glued to the water.
Touring mode / Sport mode	Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride — ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response
ECO mode	This iTC function automatically determines the most economical power delivery and sets the optimal RPN for greatest fuel economy.
Hinged seat	Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to

the watercraft. Seat with narrow profile and knee support that lets people sit in a more natural position and leverage their leg muscles to hold on to the machine for more control and less upper body fatigue. Also featuring a stepped design for more comfort and better visibility to passengers. Makes reboarding from the water easier and quicker.

Reboarding ladder Ski tow eye For easy and secure attachment of ski rope. Watertight, removable Provides dry storage for luggage and necessities storage bin with easy access. Tilt steering 4 adjustable steering angles for maximum ease and comfort. RF D.E.S.S.™ Key With radio frequency technology and a ball-andsocket design, the Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick

starts every time. Off-Throttle Assisted Steering Provides the operator with additional steering effect (0.T.A.S.®) in off-throttle situations for greater maneuverability. Interactive Multifunction Digital Cruise control, Slow mode, VTS preset, Fuel Information Center consumption instant & average, Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Touring mode, Sport mode, ECO mode, F-N-R

PROPULSION SYSTEM

iBR (Intelligent Brake &	First and only true brake on a watercraft recognized
Reverse) system	by the U.S. Coast Guard for improving boating safety
-	since 2009. Now in its 2nd generation, the intuitive
	and improved iBR allows you to stop close to 48.75 m
	sooner for greater peace of mind. All with the squeeze
	af a larger And with the aleather to me come it at the contract

of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier. Delivers improved acceleration, higher top speed and

Stainless steel impeller less cavitation.

LIMITED PACKAGE

High-performance VTS™ (Variable Trim System)	The VTS adjusts the angle of the nozzle to change the behavior of the watercraft and improve parallelism to the water. The high-performance VTS provides pre-set positions for quick settings.
Additional gauge functions	Depth finder, Time / Distance to empty, Altitude indicator, Water temperature.
Sea-Doo Speed Tie™	Automatic retractable mooring lines eliminate the hassles of traditional docking lines.
Dry bag	Keeps contents dry and converts to backpack when removed.

Safety equipment kit Contains all the essential safety equipment. Ideal to keep gear or cell phone dry; removable and Glove box organizer kit

Watercraft cover Protect your PWC. Exclusive coloration
